SUPPLEMENTARY INFORMATION:

Title: Health Breach Notification Rule.

OMB Control Number: 3084–0150.

Type of Review: Extension of a currently approved collection.

Likely Respondents: Vendors of personal health records, PHR related entities and third party service providers.

Estimated Annual Hours Burden: 4,654.

Estimated Frequency: 2,500 single-person breaches per year and 0.33 major breaches per year.

Total Annual Labor Cost: \$90,739.¹

Total Annual Capital or Other Non-Labor Cost: \$31,632.²

Abstract: The Health Breach Notification Rule (Rule), 16 CFR part 318, requires vendors of personal health records (PHR) and PHR related entities to provide notice to: (1) consumers whose unsecured personally identifiable health information has been breached; (2) the Commission; and (3) in some cases, the media. The Rule only applies to electronic health records and does not include recordkeeping requirements. The Rule requires third party service providers (e.g., those companies that provide services such as billing or data storage) to vendors of personal health records and PHR related entities to provide notification to such vendors and PHR related entities

following the discovery of a breach. To notify the FTC of a breach, the Commission developed a simple, two-page form, which is posted at https://www.ftc.gov/system/files/documents/rules/health-breach-notification-rule/health_breach_form.pdf.

On February 25, 2022, the FTC sought public comment on the information collection requirements associated with the Rule. 87 FR 10792. The Commission received no germane comments. Pursuant to the OMB regulations, 5 CFR part 1320, that implement the PRA, 44 U.S.C. 3501 *et seq.*, the FTC is providing this second opportunity for public comment while seeking OMB approval to renew the pre-existing clearance for the Rules.
